

**FV is a leading provider of recycling solutions for over 1,500 businesses with more than 2,500 locations**

 FV offers a comprehensive suite of services including the design, implementation, and execution of custom programs to meet all your recycling needs

 We provide transportation and brokerage of recyclable materials and install, lease, and maintain balers

 FV has proven capabilities across a range of facility types and waste flow processes, handling paper, plastic, aluminum, and cardboard recycling needs for clients across multiple industries

 We are the exclusive cardboard recycling solutions provider to over 1,500 businesses differentiated by our:

- Exceptional service
- Recycling focus
- Competitive pricing

 Our services include:

- LTL Bale Pickup
- Full Load Bale Pickup
- Sale and Lease of Balers
- Brokering

 Pricing is dependent on:

- Location
- Distance from mill
- Volume
- Service Requirements

The Jones family of companies has had one mission since 1949 – to provide the best products and services to its customers. As part of the family-owned Jones companies, FV is able to maintain a client-centered operational approach and a meaningful presence in local communities while leveraging scale of a larger organization including:

- Access to capital
- Centralized corporate resources
- Purchasing and other efficiencies

Ultimately, the benefits accrue to FV’s clients.
